LB. 68-20-1

Proceedings of the Government of His Highness the Maharaja of Mysore,

Read,

The District Fund Administration report of the Kadur District for the year 1919-20 received with letter No. R. Dis. 6 L.B./20-21 dated 4th October 1920 from the President of the Kadur District Board.

Order No. R 6632-40 3rd December 1920

Constitution of the District and the Taluk Boards.

The District Board and all the 6 Taluk Boards were reconstituted in accordance with the new Regulation VI of 1918 and the rules framed thereunder. A non-official member was elected as Vice-President by the District Board and by each of the Taluk Boards of Mudgere, Kadur, Koppa and Narasimharajapura.

2. Meetings and attendance.

All the Boards held the prescribed number of meetings during the year. The average attendance was 62.7% at the meetings of the District Board and 44.7% at those of the Taluk Boards. The attendance of members at the meetings of the Tarikere Taluk Board is given as 2.76, while the prescribed quorum is not less than 5. The President is requested to investigate the correctness of the figure furnished and see that the Taluk Board does not transact business when the prescribed quorum is not present. As it stands this is a

Bench [illegible]

* attendance evinces a grave dereliction of duty on the part of official members and lack of public spirit on the part of the non-official members

3. Panchayats

The number of panchayats rose from 23 to 32, nine Panchayats having been newly constituted during the year. Particulars regarding the number of meetings held &c have been furnished in respect of only 14 Panchayats and out of these only one met the prescribed number of 12 times during the year. The President should have, by issue of timely instructions to the Presidents of Taluk Boards and the Chairmen of Panchayats, got the necessary statistics and incorporated them in the report. Judged from the figures available in the report the attendance of members at the meetings was on the whole fair. ~~But the local~~ officers should evince more interest in the development of the Panchayats and exercise careful supervision over ~~their administration~~.

4 Finance.

The income and expenditure during the year amounted to Rs. 141,392 and Rs. 70,431 against Rs. 135,702 and Rs. 67,208 respectively in the previous year. The variations are small and call for no remarks. Excluding public debt items and the railway cess of Rs. 45,379 realised during the year and set apart for the construction of railways, the amount available for expenditure out of the income of the year was Rs. 92,928. The amount allotted in the budget for expenditure under Service Heads during the year was ~~Rs.~~ Rs. 34,420

and out of this a sum of Rs. 62,518 only was actually spent during the year ~~the balance being considerable amount having~~ the ~~been allowed to~~ lapse under Public Works being considerable. The year closed with a balance of Rs. 2,67,661 of which the accumulated railway cess amounted to Rs. 1,51,045 and the unspent balance of Drinking Water Wells Fund to Rs. 6592. ~~The District Board should~~ consider the best way of utilising the remaining balance of Rs. 1,10, 024 ~~to their best advantage~~.

5. Demand, Collection & Balance.

The demand under House and Moha-tarfa taxes which is the only ~~xxxx~~ item ~~xxxxxx~~ requiring the attention of the collection staff employed by the Boards and Village Panchayats amounted to Rs. 24,645 including the sum of Rs. 3787 which remained uncollected at the end of the previous year. Of this, only Rs. 17,133 was collected. Prompt action should be taken to collect the balance of Rs. 7512. The demand under Railway Cess is shown as equivalent to the actual collection during the year. This is not correct. The actual demand and balance should be ascertained and incorporated in the report of the current year.

6. Public Works.

52% of the Budget grant for Public Works in the P.W. Department and 58% in the civil Dept

were allowed to lapse during the year. The lapse in the Civil Department has not been explained while the outlay in the Public Works Department from October 1919 to the end of June 1920 is reported as not having been at all intimated to the President by the Executive Engineer ~~and incorporated in the records~~. The President should have noticed the omission early and incorporated the outlay in the accounts by calling for the information in time or bringing the omission to the Chief Engineer or the Government. The Chief Engineer is requested to issue strict instructions in the matter. The maintenance of roads is reported to be unsatisfactory but the question of finding funds for their improvement is said to have engaged the attention of the District Board. The District Board should come to a speedy decision regarding this important question.

7. Water Supply.

The outlay incurred from the drinking water well fund amounted to Rs. 7103 and the unspent balance at the credit of the fund at the end of the year was Rs. 6592. 57 well works were in progress and 10 were completed during the year. The remaining works should be completed early.

8. Public Health and Medical relief

The total mortality decreased from 20,708 to 5335 as there was no

recrudescence of Influenza in a pandemic form although it broke out in a mild form during the year and accounted for 114 deaths. 15 Local Fund Dispensaries and 3 Ayurvedic Institutions and 7 midwives were supported in part from the District Funds. 8294 persons were vaccinated against 10229 in the previous year.

9. Audit of Accounts.

The accounts of the Board for the half year ending 31st December 1919 were audited by the Local Audit staff of the Comptroller's office. The Finance Committee of the District Board met only once to check the accounts. This is not sufficient. The District Board should make proper arrangements for the regular conduct of audit of their accounts every month.

10. General.

There is a good deal to be done by the Boards and Panchayats to develop thier resources and improve their administration. The members of the Village Panchayats should evince greater interest in the discharge of their duties and attend meetings in larger numbers.
